

# CONTENTS

	Page
Comparison of Association and Path Analysis over Two Seasons in Black gram ( <i>Vigna mungo</i> (L.) Hepper) <sup>1</sup> - S.G.Parameshwarappa <sup>1</sup> , S.S.Patil <sup>2</sup> , P.M.Salimath <sup>3</sup> and R.Parameshwarappa <sup>4</sup>	1-5
Influence of Water Hyacinth and Fertilizer Levels on Growth and Yield of Hybrid Sorghum ( <i>Sorghum bicolor</i> (L.) Moench) I. Yield Components, Yield, Fertilizer Substitution and Economics - K.S.Kamat <sup>1</sup> , S.A.Hosmani <sup>2</sup> , V.R.Koraddi <sup>3</sup> and A.K.Guggari <sup>4</sup>	6-10
Feasibility Studies on Conjunctive Use of Saline Water for Cultivation of Cowpea - S.Srinivas, D.P.Vishwanath, S.Panchaksharaiah, D.S.Raikar, and S.G.Patil	11-16
Physiological and Biochemical Factors Associated with Fruit Bud Differentiation in Alphonso Mango. I-Carbohydrate Content - P.B.Patil <sup>1</sup> , M.M.Rao <sup>2</sup> , P.W.Basarkar <sup>3</sup> , C.N.Srinivasan <sup>4</sup> and U.G.Nalawadi <sup>5</sup>	17-23
Redescription of <i>Detocephalus porticus</i> Melichar (Homoptera : Cicadellidae) - Shashidhar Viraktamath	24-26
Toxic Metabolite Production by <i>Colletotrichum gloesporioides</i> Causing Blight of Coriander - K.S.Naik, P.C.Hiremath and R.K.Hegde	27-31
Drying and Storage Studies on Groundnut (DH-3-30) Seeds ( <i>Arachis hypogea</i> L.) - D.Javare Gowda <sup>1</sup> , V.Shivaprasad <sup>2</sup> and H.Ramaiah <sup>3</sup>	32-35
Behaviour of Market Arrivals and Prices of Groundnut in Karnataka - An Economic Analysis - S.M.Mundinamani <sup>1</sup> , H.Basavaraja <sup>2</sup> , S.B.Hosamani <sup>3</sup> and M.B.Srinivasagowda <sup>4</sup>	36-40
Influence of Personal Characteristics of Farmers on the Adoption Pattern of Recommended Cultivation Practices in Potato in Dharwad - S.N.Hanchinal, L.Manjunath, D.M.Chandargi and K.V.Natikar	41-45
Physical Growth of Children in Dharwad City of Karnataka - Hema Joshi, V.Gaonkar, S.C.Hunshal and H.S.Surendra	46-51
 <b>RESEARCH NOTES :</b>	
Comparative Weed Somethereing Ability of Some Legumes under Rainfed Condition	52-54
Performance of Onion Varieties on Black Soils	54-56
A Note on Chemical Control of Cowpea ( <i>Vigna unguiculata</i> (L.) Walp.) Pod Borer Complex.	56-58
Quantitative Relationship Between Alternaria Blight of Soybean and Loss in Grain Yield	58-59
Knowledge Level of Rural Women Regarding Food Beliefs and Cooking Practices	60-62
Association of Socio-Personal Characteristics with Knowledge and Participation of Rural Women in Paddy Cultivation	62-63
Egg Market Trends in Bidar	64-66
